Dear Sisters,

It was a great pleasure that you thought of writing to me. It is good to keep close to those whom one loves in times when we need them and in return it is a time one loves to be remembered. So Alexia I surely am sorry to hear that you had to give up again. I wonder what will happen to me yet. I will leave St. Mary's on Sat April 9 as present plans go for I never knew what was going to happen next until almost the time for it happens. I wonder much what God wants of me. You surely both of you were [illegible] plenty as you know. Keep me in your prayers. I will do the same.
